## INDEPENDENT AUDITORS' REPORT

To the Board of Directors Century Housing Corporation and Affiliates

We have audited the accompanying consolidated statements of financial position of Century Housing Corporation (the Corporation) and Affiliates as of June 30, 2008 and 2007, and the related consolidated statements of activities, changes in net assets and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Century Housing Corporation and Affiliates as of June 30, 2008 and 2007, and the changes in their net assets and their cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the consolidated financial statements of Century Housing Corporation and Affiliates taken as a whole. The accompanying supplemental information on pages 36 through 39 is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. Such information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic consolidated financial statements taken as a whole.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Financial Statement Presentation**

The consolidated financial statement presentation follows the requirements of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, "Financial Statements of Not-for-Profit Organizations." Under SFAS No. 117, the Corporation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. Furthermore, information is required to segregate program service expenses from management and general expenses. Income earnings on temporarily restricted net assets are recognized as unrestricted.

The Corporation also conforms to SFAS No. 116, "Accounting for Contributions Received and Contributions Made." In conformity with SFAS No. 116, contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support depending on the existence and/or nature of any donor restrictions. The Corporation reports temporarily

restricted contributions whose restrictions are met in the same reporting period as unrestricted contributions.

- Century Villages at Cabrillo, Inc. and affiliates;
- Century Affordable Development, Inc. and affiliates;

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2008 and 2007

The following entities that are affiliated to Century are not included in the consolidated financial statements:

- Century Learning Initiatives for Today, Inc. Century/LIFT
- Century Community Charter Schools, Inc.

## Principles of Affiliate Consolidation

Century Villages at Cabrillo (CVC) is the sole general partner in three limited partnerships: Long Beach Savannah Housing, L.P. (Savannah), Casa de Cabrillo, L.P. (Casa), and The Family Commons at Cabrillo, L.P. (Family Commons). CVC owns .1% of Savannah, .01% of Casa, and .1% of Family Commons. In June 2005, the Financial Accounting Standard Board (FASB) issued Emerging Issues Task Force No. 04-5, "Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights" (EITF 04-5). EITF 04-5 establishes the presumption that the general partner(s) in a limited partnership controls that limited partnership (or similar entity) regardless of the extent of the general partners' ownership interest in the limited partnership. The presumption of control by the general partner(s) can be overcome if the limited partners have either (i) "kick-out rights" - the substantive ability to dissolve or liquidate the partnership or otherwise remove the general partner(s) "without cause" or (ii) "substantive participating right" - the ability to effectively participate in significant decisions made in the ordinary course of the limited partnership's business. If the presumption of control cannot be overcome, then the general partner is required to consolidate the limited partnership. The effective date for EITF 04-5 is June 29, 2005 for all new or modified partnerships and January 1, 2006 for all other existing partnerships. Effective July 1, 2006, CVC adopted EITF 04-5 and determined that the presumption of control for the limited partnerships in which CVC is the general partner had not been overcome and as a result CVC is required to consolidate the financial statements of Savannah, Casa and Family Commons in its financial statements under EITF 04-5. The accompanying consolidated financial statements of Century for the years ended June 30, 2008 and 2007 include the consolidated accounts of CVC.

Century Affordable Development, Inc. (CADI) owned 50% of Century Family Housing, LLC and 70% of 2541 West Manchester Boulevard, LLC and accounts for these investments using the equity method of accounting. CADI disposed of all of its interest in these two entities during the year ended June 30, 2008.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2008 and 2007

# Method of Accounting

The accompanying consolidated financial statements are prepared on the accrual basis of accounting. Revenue is recognized when it is earned and expenses are recognized as incurred.

# Use of Estimates

The preparation of consolidated financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of allowance for loan losses, and certain other assets and liabilities, disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

# **Cash Equivalents**

The Corporation considers all highly-liquid investments purchased with an original maturity of three months or less to be cash equivalents.

#### Restricted Cash

Restricted cash includes cash deposited into separate bank accounts being held as collateral, and security deposits, operating reserves and replacement reserves that certain entities have been required to establish.

#### Investments

All debt and equity securities are carried at estimated fair value. Realized gains and losses on investments are determined using the specific-identification method. Unrealized gains and losses arise from changes in the fair value of debt and equity securities and are reported in the consolidated statements of activities as increases or decreases in unrestricted net assets.

# <u>Investment in Limited Partnerships and Limited Liability Companies</u>

Century holds interests of 50% or less in various limited partnerships and limited liability companies which are accounted for using the equity method. Under the equity method of accounting, the initial investment is recorded at cost, and is subsequently increased by Century's share of earnings, and decreased by Century's share of losses and distributions.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2008 and 2007

Under the equity method, losses from operating partnerships and companies in which Century has not been required to fund any operating deficit obligations are no longer recognized once the balance in the investment account reaches zero. During the year ended June 30, 2008, the Corporation disposed of its equity investment in the various limited partnership and limited liability companies.

#### Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivables are reported net of an allowance for doubtful accounts. Management's estimate of the allowance is based on historical collection experience and a review of the current status of tenant accounts receivable. It is reasonably possible that management's estimate of the allowance will change. As of June 30, 2008 and 2007, management has established an allowance for doubtful accounts in the amount of \$323,590 and \$240,000, respectively.

#### Loan Fees

Loan fees represent the origination fees charged to the borrowers of the Corporation. The loan origination fees are recognized as revenue upon closing of a loan when the cost of originating the loan is equal or greater than the loan origination income. In the case where the loan origination income is greater than the cost incurred to originate such loan, the excess of loan fee income over loan origination cost will be deferred and recognized as income over the term of the loan.

#### Notes Receivable and Allowance for Loan Losses

Notes receivables are reported net of an allowance for loan losses. Management's estimate of the allowance is based on historical collection experience and a review of the current status and collections of notes receivable. Management's policy is to establish an allowance for loan losses ranging from approximately 2% to 10% of the outstanding balance of third party loans. It is reasonably possible that management's estimate of the allowance will change. As of June 30, 2008 and 2007, management had established an allowance for loan losses in the amount of \$1,905,113 and \$1,862,803, respectively.

## Real Estate Held for Investment

Real estate held for investment is stated at cost. The Corporation rents certain of these assets to qualifying tenants under operating leases. Rental payments received in advance are deferred until earned. In addition, the Corporation records depreciation expense on the

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2008 and 2007

rented homes. Depreciation is provided for in amounts sufficient to relate the cost of the depreciable asset to operations over the estimated service life using the straight-line method. The costs of maintenance and repairs are charged to expense as incurred, and significant renewals and betterments are capitalized.

#### Real Estate Held for Sale

Real estate held for sale generally consists of single-family residences and condominiums that have been repurchased under the Right to Purchase Agreements (see note 7). Real estate held for sale is recorded at the lesser of cost or fair market value less selling costs. These assets are generally held less than 12 months. There is no depreciation recorded on the real estate held for sale.

#### Buildings, Leasehold Improvements and Office Equipment

Buildings, leasehold improvements and office equipment are recorded at cost. Expenditures for maintenance and repairs are expensed as incurred, while major renewals and betterments are capitalized. Costs of properties constructed, rehabilitated or still under development include all direct costs of construction as well as carrying costs (such as interest) during the construction period and indirect costs of construction, supervision and management. It is Century's policy to consider any items purchased with an estimated useful life of more than one year and a cost in excess of \$1,000 for capitalization. Upon disposal of depreciable property, the appropriate property accounts are reduced by the related costs and accumulated depreciation. The resulting gains and losses are reflected in the consolidated statements of activities. Depreciation is computed on a straight-line basis over estimated useful lives as follows:

Computer equipment 5 years
Office furniture and fixtures 5 - 7 years
Leasehold improvements Over life of lease
Buildings 30 - 39 years

# Financing Fees

Financing fees incurred during the year ended June 30, 2008 in the amount of \$250,000 are being amortized over the term of the related debt using the straight-line method. Accounting principles generally accepted in the United States of America require that the effective yield method be used to amortize financing costs; however, the effect of using the straight-line

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2008 and 2007

method is not materially different from the results that would have been obtained under the effective yield method. As of June 30, 2008, accumulated amortization was \$29,167.

Amortization expense will be \$50,000 per year for each of the next four years ending June 30, 2009 through June 30, 2012, and \$20,833 for the year ending June 30, 2013.

# Non-Controlling Interest in Limited Partnerships

The non-controlling interest in limited partnerships represents the aggregate positive balance of the limited partners' equity interest in the three limited partnerships that are included in the consolidated financial statements. The aggregate negative balances, if any, of limited partners' interest remain in the organization's net assets.

# Impairment of Long-Lived Assets

In accordance with SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," Century reviews its long lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. If the fair value is less than the carrying amount of the asset, an impairment loss is recognized for the difference. No impairment loss has been recognized during the years ended June 30, 2008 and 2007.

#### Rental Income

Rental income is recognized as rentals become due. Rental payments received in advance are deferred until earned. All leases between Century and its tenants are operating leases.

#### Contributions

Contributions are recognized as revenue when an unconditional promise to give is received by the Corporation. All contributions and other types of revenue with restrictions, if any, imposed by the donors are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

#### Grant Revenue

Affiliates of Century received grants from governments, agencies and others, which are conditioned upon incurring certain qualifying costs or meeting other conditions. The grants

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2008 and 2007

are recognized as revenue when the qualifying costs are incurred and the possibilities of not meeting the conditions are remote. Funds received for costs not yet incurred are recorded as deferred revenue. Funds for qualifying costs incurred and recognized as revenue but not yet received are recorded as accounts receivable.

#### Sale of Assets

Century records its gain or loss on the sale of assets by recording the cost of the sale of the asset as a reduction against the sale proceeds received. The cost of the sale of the asset is determined based upon the historical cost of the asset, net of any accumulated depreciation recorded through the date of the sale, and increased for any closing costs or commission incurred on the sale.

#### Development Fee Income

Century is entitled to a development fee in connection with the development of the Family Commons project. Development fee income is recognized as the project is completed under a percentage of completion method in accordance with SFAS No. 66, "Accounting for Sale of Real Estate" (FASB 66).

#### Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities. Directly identifiable expenses are charged to program and support services. Expenses related to more than one function are charged to program and supporting services based on systematic methods.

#### **Income Taxes**

Century Housing Corporation and its affiliates are public benefit corporations and exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and Section 23701 (d) of the California Revenue and Taxation Code, except for income taxes on "unrelated business income," as defined in the Codes. Management believes all material activities of Century Housing Corporation and its affiliates are within the tax exempt guidelines of the Internal Revenue Code and the California Revenue and Taxation Code. Accordingly, no provision for income taxes has been included in the accompanying consolidated financial statements.

## NOTE 3 - CONCENTRATION OF CREDIT RISK

Century maintains its cash balances in six banks. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$100,000 at each bank. At times, these balances may exceed the federal insurance limit; however, the Corporation has not experienced any losses with respect to bank balances in excess of government provided insurance. As of June 30, 2008, cash balances in excess of the FDIC limits totaled \$11,230,244.

#### NOTE 10 - EMPLOYEE BENEFIT PLANS

Century currently has a Section 403(b) defined contribution plan for its employees. Eligible employees may contribute a percentage of their annual compensation, subject to certain limitations, to the 403(b) defined contribution plan. Century will contribute 3% of an employees' gross salary and will match employee contributions up to 3% of gross salary to the 403(b) defined contribution plan. For the years ended June 30, 2008 and 2007, the total amount contributed by Century to the plan was \$353,948 and \$400,631, respectively, which is included in "Supporting services - management and general expenses" in the accompanying statements of activities.

Century also has a Section 457(b) deferred compensation plan for a selected group of management and highly compensated employees. Employees may defer an amount of their annual compensation to the 457(b) plan, subject to certain limitations.

Certain former executive officers have life insurance policies owned by Century. In the event of death, the officers' estates or designated beneficiaries are entitled to receive a cash payment reflecting a portion of the policies death benefits pursuant to the insurance contracts, less the repayment of premiums paid by Century, plus accrued interest. Century is entitled to receive the cash surrender value of the policies. The cash surrender values of the policies are \$411,028 and \$402,106 as of June 30, 2008 and 2007, respectively, and are recorded in prepaid expenses and other assets in the accompanying statements of financial position.

# NOTE 11 - CONTINGENT AND RESTRICTED ASSETS - AFFORDABLE HOUSING FINANCING

During the formation of Century Housing Corporation, Century's predecessor (Century Freeway Housing Program (CFHP), a housing program administered by the State of California) contributed certain notes receivable and temporarily restricted net assets with a

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2008 and 2007

net book value of \$0 to Century. The proceeds received from these notes receivable and temporarily restricted net assets are to be used to fund additional programs for affordable housing that Century sponsors. These loans were made by CFHP to facilitate the acquisition of land, provide construction financing and make available permanent financing of affordable housing at rates substantially below market interest rates. These loans provided for affordable housing based on rent and income restrictions established by CFHP. Century monitors compliance with these restrictive covenants, which continue for a period of 15 years or more. These loans were generally interest-free until the completion of construction, and then accrued simple interest generally at 3% per annum deferred for their term. Principal and interest are due only after the payment of normal operating expenses, taxes and debt service on senior loans. The loans extended to single family borrowers generally accrue interest at 3% per annum deferred for the term of the loan. They are generally due at maturity, 30 years from the note date, or in the event the borrower sells, transfers or conveys the property prior to the maturity of the note. There are no payments required during the term of the loans unless stipulated in the notes.

The repayment of these loans is dependent on operating income, residual value of the affordable housing units, and/or a violation of the terms of the loan agreement, all of which cannot be predicted. As a result management has determined that repayments of these loans is uncertain and has not recorded the notes receivable or accrued interest in the books of Century. Therefore, should repayment occur, it will be accounted for as affordable housing loan repayment income in the year in which the payments are received.

Contingent assets represented by affordable housing loans outstanding as of June 30, 2008 and 2007 total \$84,489,219 and \$85,049,652, respectively, and have an effective interest rate of 3% per annum.
